Reference: Coach King, Ms. Sandy King, and Patrick Ferris Scholarship

Dear Investar Bank:

Please accept my deep appreciation for your support of the UWA football program through your donations to the King-Ferris Scholarship. This scholarship is extremely special because of the great people whose name it bears. Coach King, Ms. Sandy, and Patrick Ferris have made such a tremendous impact, not just in Livingston, but all throughout the southeast. It is very fitting that this scholarship be named for them and established to a point where it will always be a part of the UWA football program. With your help, and the help of countless others, this scholarship has reached a substantial amount and is going to have a great impact on many members of our football program for years to come.

I wanted to give you a detailed breakdown of how this scholarship will impact our players. It is not taken lightly that you gave your hard-earned money and you deserve to see the greatness that it will be used for. The principal amount of the scholarship is being endowed and the payments will come from the interest gained each year. This allows the scholarship to extend infinitely. To make the best use and have the largest impact, we will be awarding several scholarships throughout the summer months of each year. The recipients of these scholarships will be members of our team who have excelled in the classroom and need summer classes in order to graduate with their degree ideally by the December in which their eligibility runs out. What this means is this scholarship will help many over the years graduate a semester earlier than they would have without it. Statistics have shown that if a young man has to return in the spring for only a couple classes after his eligibility is finished he is less likely to actually finish his degree. By using the King-Ferris scholarship we will be able to help one to two members of our program a year make a December graduation a reality.

The second way this scholarship will be used will be to fulfill a great need within our program in the summer semesters. Our players always have a difficult time finding resources and means to be able to eat consistently while here during the summer. In addition to the above-mentioned scholarships we will be able to provide 20-30 members of our team with meal plans over the course of the summer. Our players put in a lot of work over the summer months and their bodies need to be properly fueled in order to keep up with the demand on it. This will go a long way in helping our players get to the fall more prepared for a better season.

Just to put in perspective, over the course of the next five years this scholarship will directly impact 110-160 individuals and this will continue on for years and years. This impact would not have been possible without your selfless actions of giving. Thank you and I hope you will continue to support the UWA football program.

Go Tigers and God Bless,

OPTIONS

A Message from the President / CEO

To Our OPTIONS Family,

This year, we celebrated our 50th Anniversary. Without the vision and commitment of Mary Pirosko and Barry and Ellen Meyer, as well as the hard work of Sylvia Bush and countless staff, families, and Board members, we surely wouldn't have made it this far. The impact that OPTIONS has had on the lives of people with disabilities, their families, and this entire community is hard to quantify or express in any way. It really is immeasurable.

So what does the next 50 years look like? Honestly, I am not exactly sure. For 50 years, the organization has evolved and changed with the people who we serve. We respond to their needs, wants, hopes, and dreams for their lives. I can promise you that we will continue to do that. The unknown can be a bit scary, but as long as we stay focused on our mission, our path will be clear. This is our guiding light that has served us well for 50 years, and this will not change... OPTIONS helps people with disabilities live and work in the community. We are committed to continuing our journey to make our community the best place to live and work for the people who we support, and in so doing, we hope to make the community better for ALL. PLEASE JOIN US ON THIS JOURNEY!

Always grateful,

Because of your continued support, OPTIONS remains a premier provider of services. OPTIONS offers many services such as Day Programs, Employment Training, Community Living, Enrichment Activities, the Learning Gardens, Transportation, and Nursing. We advocate for individuals, strive to provide the best quality of life, and create fun and engaging opportunities for people with disabilities to have fulfilling lives.

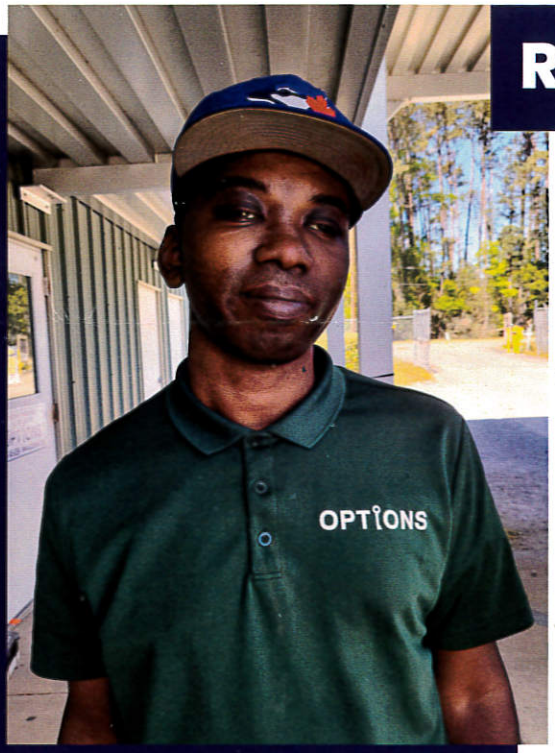

Your Impact Matters

Theresa Chandler

Health and Wellness is a key component of OPTIONS programs. OPTIONS partners with local gyms and parks to provide exercise opportunities to participants, like Theresa. She enjoys exercising her arms and back, getting healthier, and having fun at the gym with her friends. Theresa said, "I like exercising because it is good for my heart and helps with my diabetes and sugar levels."

Rodney Fultz

Rodney Fultz is an OPTIONS Participant who resides in Independence, LA, and is employed on an OPTIONS Cleaning Crew at Southeastern Louisiana University in Hammond, LA. Rodney also participates in the Ballin' 4 OPTIONS Charity Basketball Game.

OPTIONS provides Rodney with the transportation needed to get to his job, where he has been meaningfully employed for 11 years, and to Ballin' 4 OPTIONS practices. Without OPTIONS transportation, Rodney would not have the opportunity to have meaningful work and earn a paycheck. Cathy Cook, Rodney's mother, stated, "Having reliable transportation to and from work by OPTIONS is very important to Rodney. Otherwise, it would be a burden on his family to provide transportation."

Terri Kupper and Terry Parent

Terri Kupper and Terry Parent are both residents of OPTIONS Community Home, Our House. Terri and Terry receive 24/7 support and participate in OPTIONS Day Program. They are pictured with Shannon Trautman, OPTIONS Residential Director. Shannon said, " Terri and Terry love living at Our House. They have become family and enjoy spending their time together."

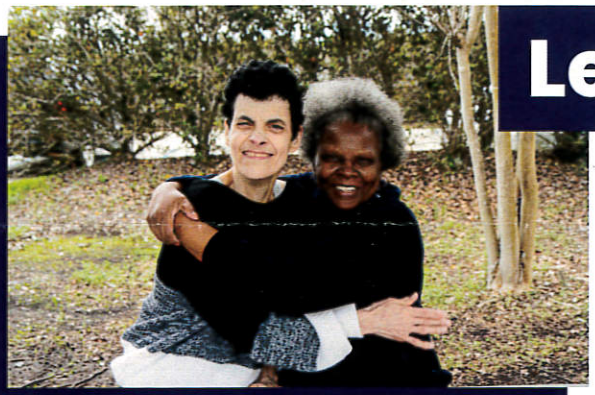

OPTIONS

Ballin' 4 OPTIONS

The 6th Annual Ballin' 4 OPTIONS Charity Basketball Game was a slam dunk! Ballin' 4 OPTIONS was created in 2017 to promote healthier lifestyles, build self-esteem, provide exercise, and increase social interaction for independence and community involvement. The funds raised from this event benefit the OPTIONS Enrichment – Wellness and Transportation programs, which provide transportation to recreation and enrichment activities in the community for over 100 people with disabilities every week.

Our Mission in Action

Driving Independence: The Life-Changing Impact of Accessible Transportation for Erica

Employed by Aramark, she credits the job with boosting her confidence. Erica enjoys staying active by participating in the Ballin' 4 OPTIONS Charity Basketball Game.

Transportation is essential for individuals like Erica, as many people with disabilities lack access to a vehicle. OPTIONS participants rely on the Transportation Program for work, shopping, church, and social activities. CRA Partners is now ICBA CRA Solutions

Dear Partner:

2023 proved to be a rewarding year, and I hope the same was true for you. 2024 promises to be exciting as well. You may have noticed in the above header, we have a new name and look. We are delighted that you are the first with whom we are sharing this change. For over 20 years, you've known us as CRA Partners. To better reflect our relationship with our parent company, The Independent Community Bankers of America, we are in the process of transitioning to a new name and look: **ICBA CRA Solutions**. Please bear with us as we spend this year gradually transitioning all of our online and printed material to this new brand identity.

We still offer programs that earn community banks CRA credit through support of our Senior Housing Crime Prevention Foundation, and now our additional offerings include CRA support services, education and training, as well as a peer group for CRA professionals, the CRA Collaborative.

Enclosed is our Community Impact Review. As you know, our mission is to help banks earn CRA credit by providing safe and secure living environments for residents of senior care facilities across the country. This periodic Review serves as a nice reminder that supporting our mission ***can be a truly rewarding investment.*** As you see, with the help of our bank partners like you, we are protecting thousands of senior housing residents nationwide by funding our proven crime prevention programs.

Given the prevalence of elder abuse, it is easy to forget that ***we are making a meaningful impact in communities across the country.*** This Review demonstrates in detail how our bank partners share the passion for the positive impact their involvement brings to the seniors and their families who we serve. It is our privilege to partner with these hardworking men and women at banks and bankers associations, and senior housing facilities as we continue to advance our mission.

As a bank partner and Foundation sponsor, you play a vital role. I hope this Community Impact Review provides you with a sense of enjoyment in the work we are accomplishing. Without your support, none of what we do would be possible.

Sincerely,

David C. Lenoir

COMMUNITY IMPACT REVIEW

ICBA CRA Solutions™

Powering Community Reinvestment

FROM THE CHAIRMAN

Greetings to both old and new friends. For over 20 years, you've known us as CRA Partners. We are now delighted to share with you our new identity. This update better reflects our relationship with our parent company, The Independent Community Bankers of America. We still offer programs that earn community banks CRA credit through support of our Senior Housing Crime Prevention Foundation, plus we offer CRA support services, education, and a peer group for CRA professionals, the CRA Collaborative.

As community banks are adjusting to new CRA rules, these services are designed to respond to your changing needs. Our successful Senior CrimeStoppers program has served our communities well and we will continue to protect America's senior citizens against elder abuse and provide a secure experience in local retirement facilities.

Community banks will continue to need guidance, and we are poised and ready with expanded staff and services in order to meet those needs. Our president, David Lenoir, is here to lead community banks to strong exam ratings, not just because CRA is a requirement, but because it benefits the members of your community.

Please bear with us as we spend this year gradually transitioning the look of our brand. Thank you for your support and we welcome you to join us on our journey as we power the potential of community reinvestment.

Sincerely,

G. Scott McComb
Chairman, ICBA CRA Solutions

FROM THE PRESIDENT

This year has passed by so quickly! As the saying goes, "time flies when you're having fun," and that could not be truer for me. In my new role as Foundation President, I've had the opportunity to travel across the country (more like back and forth several times!) and engage with our community bank partners and the residents and staff in the senior homes we serve. This was a delight that we had to curtail in years past, due to the pandemic, so it was truly rewarding to get out and see, in person, the great work that all of you have dedicated yourselves to, both professionally and personally.

It's been an exciting year here at the Foundation. We hit a big milestone in 2023 with the addition of our 1,000th facility and the creation of a Fraud Prevention Bingo game to teach older adults how to avoid scams and fraud. The game has been such a tremendous success, we have been providing it to our partners to use as an engagement tool with the facilities they sponsor.

Speaking of milestones, we took time to recognize and celebrate our bank partners who have been with us for five, ten, fifteen and even twenty years! Celebrations took place at the banks' sponsored facilities and included food, games and gifts for the residents, such as companion pets. These robotic dogs and cats are a proven way to help combat loneliness and isolation, especially for those being treated in dementia care.

Without the support of our bank partners, we would not be able to provide these programs to protect, educate and enhance the lives of the seniors in your community. Thank you so very much.

Best wishes for a healthy and prosperous 2024!

Sincerely,

Marnie Stewart
President, SHCP Foundation

ELDER ABUSE STATISTICS 2023

1 in 10 one in ten older adults will experience some form of elder abuse each year, with many enduring multiple types of abuse simultaneously

1 in 24 only one in twenty-four cases of elder abuse are reported to the authorities

Though these figures remain cause for concern, it is completely through community bank funding that our Foundation is able to fulfill our mission of providing secure senior living facilities in nursing homes, HUD communities, state Veterans homes, assisted living communities and independent living communities with an enhanced quality of life. At the time of printing, our programs were installed in 1,013 facilities nationwide, that cumulatively have enjoyed a **97.7% incident reduction!**

It is because these societal issues still exist that we persist in our mission to protect older adults from all forms of abuse.

A SIGNIFICANT MILESTONE

To that end, in 2023 we reached (and passed) an important mark. Our senior protection programs are now installed in over 1,000 senior facilities!

NATIONAL IMPACT

Our mission at ICBA CRA Solutions is to protect and enhance the lives of senior citizens through our meaningful turnkey CRA compliance programs for community-focused banks. To carry out this mission, we administer our proven crime prevention programs in CRA-qualified senior living facilities across the country. With the help of our bank partners, **our senior programs are protecting more residents than ever before.**

CRA MODERNIZATION

After much deliberation, the highly anticipated changes to the Community Reinvestment Act rules were announced in the last quarter of the year. We know that for many banks, these new rules will change much of what compliance officers must do in order to acheive desired results on their periodic exams. At nearly 1,500 pages, the new rule is A LOT of information to digest.

Along with our colleagues at ICBA, we acted fast to offer quick breakdowns of the rule. We held peer group meetings for discussion, and offered summary briefings and supporting documents. We've been there for you every step of the way, and continue to evolve with the industry to offer the kind of services you need, when you need them, and we'll be there to help you prepare for your exams as the new rules take effect.

"Our partnership with CRA Partners is a valuable component for strengthening our ties to the communities we serve and enables us to provide services to senior citizens who are often the most vulnerable. CRA Partners' meaningful CRA compliance program aligns with our bank's mission and goals."

Dear Investar Bank, April 8, 2024

The SLU Lunch Ministry for students has used the money that you donated for lunches each Monday. served from 11 AM to 1PM (and beyond if needed) now that the second semester has started. We also served dinner to the international students who did not leave campus during Spring Break. The money has also been used for plants, seeds and fertilizer for growing some of the food for the meals. The raised gardens need refurbishing, and we will use some of the funds for that.

Jeanie and Harvey Jones continue to plan, cook and coordinate with the SLU Student Office to spread the word about the availability of the lunches. Along with the Jones are volunteers from the First Presbyterian Church of Hammond and others from the community who help serve the lunches. We greatly appreciate your donation that is helping about 80+ students each time we serve a lunch.

Thank you,

Overall Community Reinvestment Act (CRA) Rating

Institution's CRA Rating: This institution is rated **Satisfactory.**

The Lending Test is rated: Satisfactory
The Community Development (CD) test is rated: Satisfactory.

The major factors that support this rating include:

- The Lending Test rating is based on a more than reasonable loan-to-deposit (LTD) ratio.
- A majority of loans originated were inside Investar Bank's (Investar) assessment areas (AAs).
- Investar had excellent geographic distribution of loans for Louisiana and Texas and adequate distribution for Alabama.
- Investar had excellent distribution of loans to businesses with less than $1 million in revenues for Alabama, adequate distribution in Louisiana and poor distribution in Texas.
- Investar did not have any CRA-related complaints, during the evaluation period.
- The CD Test rating for the state of Louisiana is based on the excellent amount of CD loans, investments/donations and services, collectively. The state of Louisiana accounts for 78 percent of total bank deposits and 70 percent of total branches. Investar also had an excellent number of CD-related activities in the state of Texas. The bank's CD performance in the state of Alabama needs to improve.

LTD Ratio

Considering Investar's size, financial condition, and credit needs of the AAs, the LTD ratio is more than reasonable.

The quarterly average LTD ratio since the last CRA examination was 95 percent. During the evaluation period, the quarterly LTD ratio ranged from a low of 81 percent to a high of 105 percent. Our analysis included a comparison with seven similarly situated banks in the area. The comparator banks' quarterly average LTD ratio was 81 percent for the same period, ranging from a low of 60 percent to a high of 97 percent. We compared Investar to three Louisiana banks, one Alabama bank, and three Texas banks, located in the same parishes/counties as Investar Bank.

Lending in AA

A majority of Investar's loans are inside its AAs.

Investar originated and purchased 90 percent of its total loans inside its AAs during the evaluation period. This analysis is performed at the bank, rather than the AA, level.

Lending Inside and Outside of the AA										
Loan Category	Number of Loans				Total	Dollar Amount of Loans $(000s)				Total

The bank offers a variety of loan products throughout all of its AAs including C&I, residential, consumer, and agricultural loans. Investar is in the process of streamlining loans to small businesses. This includes accepting electronic loan applications and relying on credit scoring. This new process is in effect now with a link provided by the bank. It should be available to business clients through the online banking portal in the fourth quarter of 2022. Investar also provides a variety of deposit services including checking, savings, money market deposit accounts, and certificates of deposit. Alternative banking services

include Internet banking, mobile deposits, electronic bill pay, a video mobile banking application, ATMs and ITMs. Primary products are nonfarm, nonresidential real estate comprising 47.9 percent of the dollar volume of loans and one- to four-family residential real estate at 22.3 percent.

There are no known financial, legal, or other impediments affecting Investar's ability to meet the credit needs of its AAs. The bank received a CRA rating of "Satisfactory" at its last CRA Performance Evaluation (PE) dated March 12, 2018.

Scope of the Evaluation

Evaluation Period/Products Evaluated

The evaluation period for lending was from January 1, 2019, through December 31, 2021. The products reviewed were residential home mortgage loans and small business loans. We performed data integrity before the CRA examination. The data was found to be reliable. The evaluation period for CD activities was from the previous PE dated March 12, 2018, through December 31, 2021.

We used the total population of Home Mortgage Disclosure Act (HMDA) and CRA Small Business reported loans for geographic analysis. Investar originated 1,600 Paycheck Protection Program (PPP) loans in response to the pandemic, during the evaluation period. The PPP loans did not require income. Therefore, the Small Business loan revenue analysis was performed on loans with income collected during the origination process.

Selection of Areas for Full-Scope Review

In each state where Investar has an office, one or more of AAs within that state was selected for a full-scope review. Similarly, bank-delineated non-MSA AAs within the same state are combined and evaluated as a single area. These combined AAs may be evaluated as full- or limited-scope. For the State of Louisiana, the Baton Rouge AA was designated as the full-scope AA. The Hammond, Lafayette, Lake Charles, New Orleans and the Louisiana Non-MSA were designated as limited-scope AAs. For the State of Alabama, the Alabama Non-MSA was designated as the full-scope AA and the Anniston-Oxford AA was designated as a limited- scope AA. For the State of Texas, Houston was designated as the full-scope AA. The Texas Non-MSA and Victoria AA were designated as limited-scope AAs. Refer to the Scope section under each State Rating section for details regarding how full-scope AAs were selected. Refer to Appendix A, Scope of Examination, for a list of full- and limited-scope AAs.

Discriminatory or Other Illegal Credit Practices Review

Pursuant to 12 CFR 25.28(c) or 195.28(c), respectively, in determining a national bank's or federal savings association's (collectively, bank) CRA rating, the OCC considers evidence of discriminatory or other illegal credit practices in any geography by the bank, or in any AA by an affiliate whose loans have been considered as part of the bank's lending performance. As part of this evaluation process, the OCC consults with other federal agencies with responsibility for compliance with the relevant laws and regulations, including the U.S. Department of Justice, the U.S. Department of Housing and Urban Development, and the Bureau of Consumer Financial Protection, as applicable.

The OCC has not identified that this institution has engaged in discriminatory or other illegal credit practices that require consideration in this PE.

The OCC will consider any information that this institution engaged in discriminatory or other illegal credit practices, identified by or provided to the OCC before the end of the institution's next PE in that subsequent evaluation, even if the information concerns activities that occurred during the evaluation period addressed in this PE.

The Baton Rouge AA needs affordable housing in livable condition. Poor quality rental housing is a concern (i.e. no kitchen, no plumbing). Lack of student housing is also noted, as well as affordable housing near good public schools. In addition, flooded homes are not being repaired by landlords and rents are increasing. Commercial construction is the driving force behind job growth. Additionally, Amazon is creating 1,000 new jobs and investing $200 million in capital with construction of its latest robotics fulfillment center on the former site of the Cortana Mall with anticipated completion by December 2022.

Scope of Evaluation in Louisiana

The Baton Rouge AA was selected as full-scope as it contains the majority of bank deposits (58.5 percent) and branches (48.0 percent) in the state of Louisiana. Small business loans will receive more weight in the final rating. CRE and C&I loans represent 64.3 percent of the loan portfolio.

The Alabama Non-MSA AA includes Sumter County which includes some of the "Black Belt" region, which is considered some of America's most impoverished areas. Sumter County was listed as distressed due to poverty on the 2021 list of distressed or underserved nonmetropolitan middle-income geographies. Industry partners, area businesses, and nearby colleges are awaiting a funding decision on a grant that would establish a regional, broad-based consortium to address the needs of hundreds of workers who have lost jobs and hundreds more at risk of job loss. This area lacks affordable and flexible technical training opportunities. The Alabama Department of Labor posted statewide unemployment rate of 3.5 percent, as of June 2021. In comparison, the two counties in the Alabama Non-MSA were Sumter County with an unemployment rate of 5.0 percent and Talladega County with an unemployment rate of 4.7 percent.

Housing needs in the area include affordable housing for very low-income individuals. These individuals cannot afford adequate rental housing even though it is more affordable than in most other rural and urban markets. There is also a need for transitional and long-term housing for people with special needs.

Scope of Evaluation in Alabama

The Alabama Non-MSA was selected as full-scope, as Investar had purchased the branches in this AA in 2019, and has had a presence in this market longer. Small business loans will receive more weight in the final rating. CRE and C&I loans represent 64.3 percent of the loan portfolio.

There were too few HMDA loans to perform a meaningful analysis in the Alabama Non-MSA. There were only 11 HMDA loans originated in this AA. The Alabama lending test rating was based on small business loan performance. We used the total population of CRA (Small Business) reported loans for geographic analysis. In the state of Alabama, Investar originated 68 PPP loans in response to the COVID-19 pandemic. The PPP loans did not require income. Therefore, the small business loan revenue analysis was performed on loans with income collected during the origination process.

Refer to Table Q in the State of Alabama section of Appendix D for the facts and data used to evaluate the geographic distribution of Investar's originations and purchases of small loans to businesses.

The distribution of loans located in low-income CTs is excellent, and poor in moderate-income CTs. The percentage of small business loans in low-income CTs exceeds the percentage of businesses and the aggregate distribution of loans located in low-income geographies. Investar did not make any loans in moderate-income CTs. In the state of Alabama, the bank originated 68 PPP loans in response to the COVID-19 pandemic. These loans were considered in Table Q, which include the Alabama Non-MSA.

Distribution of Loans by Income Level of the Borrower

Home Mortgage Loans

Refer to Table P in the State of Alabama section of Appendix D for the facts and data used to evaluate the borrower distribution of Investar's home mortgage loan originations and purchases.

There were too few HMDA loans to perform a meaningful analysis during the evaluation period. Investar made 11 HMDA loans during the evaluation period in the Alabama Non-MSA. Investar did not make any HMDA loans to low-income borrowers. The percentage of loans to moderate-income borrowers exceeded the percentage of families and the aggregate comparators.

Small Loans to Businesses

Refer to Table R in the State of Alabama section of Appendix D for the facts and data used to evaluate the borrower distribution of Investar's originations and purchases of small loans to businesses.

The distribution of Investar's loans to small businesses with revenues less than or equal to $1 million is excellent. The percent of loans was somewhat lower than the percent of small businesses in the AA. However, the percent of loans exceeds the aggregate comparators of small business loans in the AA.

Responses to Complaints

Deposits based in Texas represent eight percent of total deposits and 12 percent of branches. Investar has four branches in Texas. Upon merging with Mainland Bank, Investar opened branch locations in Texas City, Dickinson, and Houston, Texas on March 1, 2019. On February 21, 2020, Investar acquired two branches from PlainsCapital Bank and opened those branches in Alice and Victoria, Texas. Investar closed a branch location in Dickinson, Texas on October 29, 2021. Finally, the bank removed one ATM on December 31, 2021, in Victoria, Texas.

The Houston AA was chosen as the full-scope AA. This AA consists of Galveston and Harris Counties. This AA has 81 percent of the state's deposits and 50 percent of its branches.

A limited-scope review was performed on the Texas Non-MSA and Victoria AA. The Texas Non-MSA has eight percent of the state's deposits and 25 percent of its branches. The Victoria AA has 11 percent of the state's deposits and 25 percent of its branches.

We made six community contacts in the state of Texas during the evaluation period. One non-profit indicated financial education, consumer lending, affordable housing and food were the basic needs of the low- and moderate-income households in the area. A small

business development corporation indicated there was a need for micro-loans to small businesses ranging from $5,000 to $50,000. Financial literacy for prospective business owners was also an identified need. There was a need during the COVID-19 pandemic for flexibility with repayment of small business loans. A local housing authority indicated there was a need for home repairs due to recent hurricanes, as well as low-rent housing for low- and moderate-income families. One of the contacts was a city representative from a smaller city in the AA. This contact indicated there was a need for affordable housing and repairs to local community recreation areas, due to hurricane damage.

The Houston economy is based on a broad spectrum of industries including oil and gas exploration, basic petroleum refining, petrochemical production, medical research and health care delivery, high technology (computer, aerospace, environmental, etc.), government (city, state and federal), international import and export, commercial fishing, agriculture, education,

film and media, banking and finance, manufacturing and distribution, and related service industries.

Houston is home to many businesses including corporate headquarters for almost two dozen of the Fortune 500 companies. The Houston-The Woodlands-Sugar Land Metropolitan Statistical Area (MSA) consists of nine counties: Austin, Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery and Waller. Investar's Houston AA consist only of Harris and Galveston Counties.

Houston is known internationally as the home of one of the best medical communities in the world. There are more than 85 hospitals in the Houston area. These facilities employ more than 100,000 health care professionals, almost seven percent of the Houston-area workforce.

In January 2022, 53 companies have announced plans to expand or establish manufacturing plants in Houston, creating a possible 5,000 new jobs this year. Construction jobs are being created through several commercial projects, including the new Texas Medical Center campus, a new 53-acre development called Levit Green (medical, research, office, and residential uses), and 150-acre site to include retail, office, multi-family, and entertainment sites. Affordable housing is a growing concern in the Houston area as prices rose much faster than median income levels, resulting in only 43 percent of potential entry-level buyers being able to afford an existing home in Houston.

Scope of Evaluation in Texas

The Houston AA was selected as full-scope area. Small business loans will receive more weight in the final rating. CRE and C&I loans represent 64.3 percent of the loan portfolio.

There were too few HMDA loans to perform a meaningful analysis in the Houston AA. There were only 2 HMDA loans originated in this AA. The Texas Lending Test rating was based on small business loan performance. We used the total population of CRA (Small Business) reported loans for geographic analysis. In the state of Texas, Investar originated 311 PPP loans in response to the COVID-19 pandemic. The PPP loans did not require income. Therefore, the small business loan revenue analysis was performed on loans with income collected during the origination process.

Community Reinvestment Act (CRA): The statute that requires the OCC to evaluate a bank's record of meeting the credit needs of its entire community, including low- or moderate-income areas, consistent with the safe and sound operation of the bank, and to take this record into account when evaluating certain corporate applications filed by the bank.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that conduct business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. Appendix D: Tables of Performance Data

Content of Standardized Tables

A separate set of tables is provided for each state. All multi-state MSAs, if applicable, are presented in one set of tables. References to the "bank" include activities of any affiliates that the bank provided for consideration (refer to Appendix A: Scope of the Examination). For purposes of reviewing the Lending Test tables, the following are applicable: (1) purchased are treated as originations; and (2) "aggregate" is the percentage of the aggregate number of reportable loans originated and purchased by all HMDA- or CRA-reporting lenders in the multi-state MSA/AA. Deposit data are compiled by the FDIC and are available as of June 30th of each year. Tables without data are not included in this PE.

The following is a listing and brief description of the tables included in each set:

Table O. **AA Distribution of Home Mortgage Loans by Income Category of the Geography** - Compares the percentage distribution of the number of loans originated and purchased by the bank in low-, moderate-, middle-, and upper-income geographies to the percentage distribution of owner-occupied housing units throughout those geographies. The table also presents aggregate peer data for the years the data is available.

Table P. **AA Distribution of Home Mortgage Loans by Income Category of the Borrower** - Compares the percentage distribution of the number of loans originated and purchased by the bank to low-, moderate-, middle-, and upper-income borrowers to the percentage distribution of families by income level in each multi-state MSA/AA. The table also presents aggregate peer data for the years the data is available.

Table Q. **AA Distribution of Loans to Small Businesses by Income Category of the Geography** - The percentage distribution of the number of small loans (less than or equal to $1 million) to businesses that were originated and purchased by the bank in low-, moderate-, middle-, and upper-income geographies compared to the percentage distribution of businesses (regardless of revenue size) in those geographies. Because arrogate small business data are not available for geographic areas smaller than parishes/counties, it may be necessary to compare bank loan data to aggregate data from geographic areas larger than the bank's AA.

Table R. **AA Distribution of Loans to Small Businesses by Gross Annual Revenue** - Compares the percentage distribution of the number of small loans (loans less than or equal to $1 million) originated and purchased by the bank to businesses with revenues of $1 million or less to: 1) the percentage distribution of businesses with revenues of greater than $1 million; and, 2) the percentage distribution of businesses for which revenues are not available. The table also presents aggregate peer small business data for the years the data is available.

POSTING ORDER OF ITEMS

To assist you in handling your account, we are providing the following information on how we post transactional items to your account. On each bank processing day, deposit and credit items post before debit items. Debit items post upon receipt in the following order.

1. Wire transfers in low to high dollar amounts.
2. Electronic Fund Transfers (EFTs) transactions including ATM and debit card transactions in authorization time and date order.
3. Paper checks in check number order, if available. Checks without a check number post in low to high dollar amounts.
4. Automated Clearing House (ACH) items in low to high dollar amounts.
5. All other debit items in low to high dollar amount order. Other debit items include but are not limited to, checks converted to ACH by merchants or vendors, telephone and online banking one-time or recurring transfers, pre-authorized debits, and account withdrawals.
6. Debits related to fees assessed to your account.

Note: Certain debit items may not post in the above order due to missing or erroneous data or circumstances beyond our control.

If an item is presented without sufficient funds in your account to pay it, we may, at our discretion, pay the item (creating an overdraft) or return the item. We encourage you to keep careful records and practice good account management.
